

SEL Under Tailgate Spreader

The S-Series Under Tailgate Spreaders have height-adjustable spinners and are designed to install below the existing tailgate. This provides a variety of spreading solutions when the dump body is higher than 44 inches above the ground.

- ⊕ Designed for 15,000+ GVW trucks with ground clearances greater than 44 in.
- ⊕ Works with 96 in. wide dump bodies
- ⊕ Utilizes truck's electric system so no expensive hydraulic system is needed
- ⊕ Mounts below dump body tailgate

Highlights

- › Rugged 6 in. auger with continuous/reverse flighting to unload from both sides of the dump body
- › Independent hydraulic control of auger and spinner
- › Direct drive higher performance and lower maintenance
- › 18 in. poly spin disc broadcasts up to 40 ft.
- › Available with standard or extreme left or right discharge
- › Stainless steel or carbon steel construction
- › Stabilizer kit keeps spinner parallel to the road at all dump angles
- › Tailgate shields
- › Made in the USA
