

PROUDLY MADE IN NORTH AMERICA 

Meet **MAX·EV³**

Our new on road 3 wheel EV

Our new MAX-EV 3 is tailor designed to meet the needs of parking enforcement agents or any on road light duty transport.

At only 56 inches wide the MAX-3 allows operators to stay near the curb as they place citations or run factory direct LPR technology, optional right hand drive. MAX-EV 3 is capable of higher speeds due to its design, limited at 45 mph. A 12.5 foot turning radius is lesser than the GO-4 yet much more agile than a standard vehicle.

- Long lasting Lithium-Ion Technology
- Up to 2000 charge cycles
- Great Acceleration
- Easy and flexible charging
- Speeds of up to 45 mph
- On board BMS balances battery life after each charge
- High functioning in cold weather
- Twin passenger with optional RH drive
